Head

Belief

I understand the essential beliefs of the Christian Faith and can share my understanding of them with a non-religious friend.

First Steps

ALPHA is a 10-week exploration of the Christian faith. The environment is very relaxed, with open and honest conversation over the meal-time gatherings where each session focuses on a particular topic of the faith. Be sure to sign up the next time it is offered.

Next Steps

The Apostles' Creed is the foundational creed of the Church. As you work to commit this to memory, read "I Believe" by Alister McGrath, a book that explains the essential elements of this statement of faith.

Continuing

Commit to a study that explores in depth the beliefs of the Christian faith, such as Christian Believer or Mere Christianity when they are offered. Be a leader for an ALPHA small group.
